MemberDirect Small Business User Guide

Overview

In addition to the standard online banking features, such as Transfers, Bill Payments, and e-Transfers, MemberDirect Small Business provides:

- Access to both personal and business accounts with a single login
- Setting up users (Delegates) with access to online banking who are not signers on the business account
- Dual signature approval on transactions
- Alert reminders for pending transactions

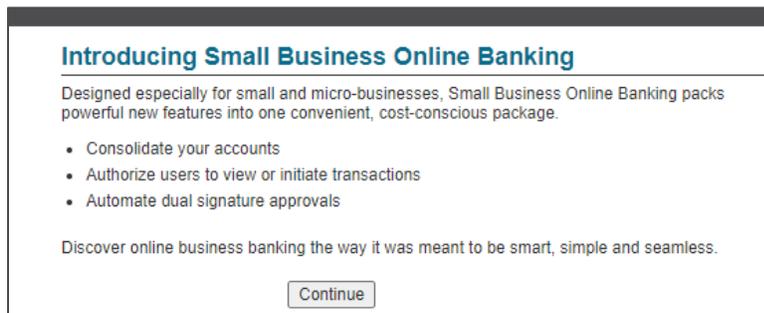

MemberDirect Small Business is available for businesses with up to 9 signers. It is not available if there are more than 9 signers on the business account.

First Time Sign-On

First Time Sign-On for Authorized Signer (Single Signer)

When a member authorized as a signer signs on to MemberDirect Small Business for the first time, the member enters the unique Organization Member Number and PAC provided by LVCU.

1. The member logs in using the temporary PAC and then selects a permanent PAC for future sign-ons.
2. The system recognizes that the user ID is linked to MemberDirect Small Business and displays the Small Business introduction page.

3. When the member clicks continue, the disclaimer and online access agreement display with the terms and conditions for use of the service.
4. Once the member accepts the terms and conditions, the *Account Summary* page displays.

First Time Sign-On for Authorized Signer (Dual Signer Required)

If the business account has a dual-signature requirement, the process of upgrading to MemberDirect Small Business is the same as for a single signer, except that at least two signers must complete the registration procedure described above.

Note: Although signers do not need to upgrade all at the same time, transactions cannot be performed on the account until all signers are upgraded to MemberDirect Small Business.

Authorized User Access (Delegates)

Delegates are people such as an accountant, bookkeeper or spouse who require limited access to the business account online. Delegates can be added by any one of the signers that have access to MemberDirect Small Business and each signer can add up to three delegates. Signers can give delegates read-only access or allow them to initiate transactions for approval without making them an actual signer of the account(s).

MemberDirect Small Business User Guide

- A read-only delegate can only view account information and activity on accounts that a signer designates.
- Initiator delegates can view accounts and initiate transactions that signers must approve.

For example, a receptionist might have read-only access to view transactions, while a bookkeeper will have initiator access to create bill payments and transfer transactions for approval.

Delegate Manager

Signers use the Delegate Manager to manage their delegate's access to Member Direct Small Business. This feature allows signers to:

- Add, edit, or delete a delegate
- Re-set a delegate's Personal Access Code (PAC) if the delegate is locked out
- Remove or restore a delegate's access

Lake View Credit Union is not involved in delegate management and is not aware of a delegate's identity. The administration of delegates resides entirely with the signer as a self-serve function of Member Direct Small Business.

Note: Signers will be able to modify their own delegates, but they cannot edit the delegates of other signers. They will however be able to delete other signers' delegates.

Delegates only have access to business accounts; they do not have access to any personal accounts of the signer. Delegates only have access to MemberDirect Small Business via the full website; they cannot use our Mobile App or Mobile Web versions of online banking.

The Delegate Manager is accessed by clicking on **Business Services** and then selecting the **Add/Modify Delegate** link located on the left-hand menu. This page displays all of the signer's delegates along with their status. It will also display delegates that have been added by other signers.

Add a Delegate

Signers can add delegates to a business using the self-serve function.

Note: Each signer can create up to *three* delegates. If the signer has already created three delegates, the **Add Delegates** linked will be disabled.

Members will complete the following steps:

1. Log in to MemberDirect Small Business.
2. Click the **Add/Modify Delegates** link on the Business Services page.
3. Click **Add Delegate**. The "Add Delegate" page will display.

4. Enter or select the following profile and account information:

- The delegate's access level – either *Read-only* or *Initiator*
- A temporary password for the delegate and confirmation of it. The delegate will change the password when they log in for the first time.
- The delegate's first name, initial, and last name.
- Any miscellaneous information about the delegate in the **Notes** box.

MemberDirect Small Business User Guide

The system will automatically assign a member number. The member numbers assigned to the delegates are unique and start with the letter "D" followed by seven digits, such as *D1234567*. This member number is the login ID/PAN that the delegate will enter to log in to MemberDirect Small Business.

 The letter 'D' is case sensitive and must be entered as an upper case "D" when a delegate logs in to MemberDirect Small Business.

5. The **Contact Method** is optional:
 - When a signer is Adding a new Delegate, they can choose to enter a phone number and/or email address to notify the Delegate of their login details, Member Number and PAC.
 - The Member Number and PAC alert notifications are sent separately, approximately 15 minutes apart. This is a security measure to ensure the messages are not being picked up by someone else.
 - The alert feature is only available when adding a new delegate, is **not** available when editing an existing delegate.
 - If the signer chooses not to send the member number and password via email or text message, it is then signer's responsibility to give their delegates their member numbers and passwords over another secure channel.

In order to send the member number and password via email and/or text message the following information must be selected or entered:

- Phone Number (this must be a cell phone number)
- Carrier
- Email Address

The signer will click the checkbox beside the disclaimer for providing a delegate's email and/or cell phone number.

6. The **Accounts Shared with Delegate** section will show the Organization Member number. The signer will click the checkbox beside '**Share accounts under this Membership?**' under the Member number.

Note: Accounts are all shared at the login level. Thus, when giving access to the delegate, the signer cannot select some accounts and exclude others under a login.

Note: When giving access to the delegate, the signer's personal accounts will not be displayed. Delegates only have access

7. Click the **Submit** button. A confirmation page showing the delegate's information will be displayed.
8. The signer will need to notify the delegate of the login ID and temporary password combination using a secure and confidential method.

Edit a Delegate

Once a delegate has been added to a business, a signer can edit the information in the delegate's profile, such as their password. For dual-signature accounts, another signer on the account does not need to authorize the change since the delegate "belongs" to the signer making the change.

The following information can be updated:

- The delegate's status either – *Active* or *Inactive* (the system changes the status to *Inactive* when the delegate is locked out)
- The delegate's access level – *Read-only* or *Initiator*
- The delegate's first name, initial, and last name
- The information about the delegate in the Notes box
- The accounts shared with the delegate
- The delegate's password

To edit a delegate's profile, the signer will go to **Manage Delegates** and complete the following steps:

1. Click **Edit** to the right of the delegate's name.

- Click the **Submit** button if the revised delegate information is correct. A receipt page will be displayed that shows the changes to the delegate's profile.

Reset a Delegate's Password

If a delegate forgets their unique password and/or becomes locked out, the delegate's signer can reset the delegate's password via the Delegate Manager as follows:

- Display the Edit Delegate page for the delegate.
- Enter and confirm a new password for the delegate.
- Click **Submit**. A confirmation page showing the delegate's updated status will be displayed.
- Click **Submit** on the confirmation page. A receipt page will be displayed.
- Inform the delegate of the new password using a secure and confidential method.

MemberDirect Small Business User Guide

Reset a Delegate's Status

If a delegate is locked out after a number of consecutive unsuccessful login attempts and can no longer access MemberDirect Small Business, the delegate's signer can reset the delegate's status via the Delegate Manager as follows:

1. Display the Edit Delegate page for the delegate.
2. Check the "unlock this account" box to change the delegate status from *Locked* to *Active*.
3. Click **Submit**. A confirmation page showing the delegate's updated status will be displayed.
4. Click **Submit** on the confirmation page. A receipt page will be displayed showing the delegate's changed status.
5. Inform the delegate that their access has been restored.

Temporarily Remove a Delegate's Access

Signers can *temporarily* remove a delegate's access to MemberDirect Small Business services via the Delegate Manager. This situation may occur when a delegate is taking a temporary leave (such as maternity leave).

To remove a delegate's access temporarily, the delegate's signer will:

1. Display the Edit Delegate page for the delegate.
2. Change the **Delegate Status** from *Active* to *Inactive*.
3. Click **Submit**. A confirmation page will be displayed.
4. Click **Submit** on the confirmation page. A receipt page will be displayed showing the delegate's changed status.
5. Inform the delegate that their access has been temporarily removed.

Restore a Delegate's Access

Signers can restore a delegate's access after it has been temporarily removed via the Delegate Manager as follows:

1. Display the Edit Delegate page for the delegate.
2. Change the **Delegate Status** from *Inactive* to *Active*.
3. Click **Submit**. A confirmation page will be displayed.
4. Click **Submit** on the confirmation page. A receipt page will be displayed showing the delegate's changed status.
5. Inform the delegate that their access has been restored.

Delete a Delegate

Signers can delete their delegate's profile as follows:

1. Click **Delete** to the right of the delegate's name on the Delegate Manager page. A confirmation page is displayed.

Delete Another Signer's Delegate

In a multiple signer environment, signers can see the delegates created by other signers and delete them. However, signers cannot edit the profiles of delegates created by other signers.

In a multiple signer environment, the Delegate Manager will show the delegates created by other signers. To delete a delegate created by another signer, a signer will complete the following steps:

1. Display the Delegate Manager and then click Delete beside the delegate to be deleted under **Delegates Created By Others**. A confirmation page will be displayed.

Manage Transactions

Two steps are required to complete transactions on single-signature accounts that have initiator delegates. In the first step, an initiator delegate initiates and submits a transaction and in the second step, a signer approves or rejects the transaction. On dual-signature accounts that have initiator delegates, two signers must approve or reject a transaction.

Note: Transactions for single-signer small business accounts that do not have delegates, are completed without the approval of another user. However, on a dual-signature account without initiator delegates, two steps are also required to complete a transaction. In the first step, a signer initiates and submits a transaction and, in the second step, a second signer approves or rejects the transaction.

Immediate and Future-Dated Transactions

Signers and initiator delegates may perform both immediate and future-dated transactions. Immediate transactions are processed after a signer has approved them. They include the following transactions:

- Immediate fund transfers and bill payments
- Debit messages (Interac e-Transfers)
- Stop cheque requests

Future-dated transactions (such as future-dated and recurring funds transfers and bill payments) are processed on a specified date (or dates) after a signer has approved them.

MemberDirect Small Business User Guide

Transactions on Dual-Signature Accounts

One of the main features of MemberDirect Small Business that distinguishes it from regular MemberDirect is dual-signature support. For accounts that require two signers to approve transactions, one signer can initiate a transaction, while another approves or rejects it. Signers on small business accounts requiring dual signatures can initiate and approve, decline, or edit a transaction. Delegates on small business accounts who have been granted initiator rights by their signers can initiate transactions and wait for both signers to approve.

 **Inter-member transfers:** For accounts with a dual signature requirement, all signers must have the inter-member transfer role set up on the transfer to account. Also, the transfer to account must be selected on each signer's Small Business e-agreement.

Initiating Transaction Requests

Transaction requests are initiated by signers and initiator delegates. To initiate a transaction, a signer or initiator delegate will perform the following steps:

1. Select the transaction to be initiated such as a payment or transfer.
2. Enter the required information needed to complete the transaction.
3. Confirm the transaction when the details are presented.
4. Submit the transaction and, if required, wait for it to be approved.

The system will save the submitted transaction for a signer to approve. If a signer initiates a transaction when there is only one signature required, no additional approval is required, and the transaction is processed either immediately or on a future date. On a dual-signature account, the approval of one of the other signers is required in order to complete transactions that the first signer initiates.

If a delegate initiates a transaction when there is only one signature required the approval of the signer is required to process transaction either immediately or on a future date. On a dual-signature account, the approval of two signers is required in order to complete transactions that the delegate initiates.

The same approval structure applies for stop payments.

 An immediate transaction must be approved by the signer(s) within 10 days, or it will expire. It will only be processed 'immediately' upon approval. For example: Delegate creates an immediate bill payment on 02JAN. First signer approves transaction on 06JAN. Second signer approves transaction on 08JAN. Bill payment is processed 'immediately' upon final approval, on 08JAN.

Pending Transactions

Transactions created by delegates or that require dual authorization are held in pending status by MemberDirect Small Business until approved.

Signers and initiator delegates will see pending transactions listed on their Account Summary page. The following transactions will display:

1. Transactions requiring the signer's approval.
2. Transactions requiring approval from other signers.
3. Rejected, expired, and recalled transactions.

Signers will click a link to open the Transaction Manager to view the transaction and take the appropriate action.

When the Transaction Manager is displayed, signers can display the history of a transaction by clicking **Show history** in the drop-down menu.

Archived Transactions

Signers can also view archived transactions by clicking **Go to archived transactions**. This page displays all rejected, recalled, and expired transactions. These transaction types will appear in the Archived Transactions area for up to twelve months. After twelve months, these transactions will be deleted.

Signers select the archived transactions by specifying:

- The type of transaction (all transactions, transfers, payments and stop cheques, account opening) selected in the **Show** drop-down box.
- The month for which archived transactions are to be displayed in the **Monthly** field.
- A date range over which to include archived transactions in **Date Range: From/To** boxes
- The transaction status (rejected, expired, recalled, or all three statuses) elected in the **Show transactions with the status** drop-down box.

After specifying the above values, signers will click **Find Transactions** to display the requested transactions.

Signers approve or reject transactions that require their approval by completing the following steps:

1. Click the **Transactions require your approval** link on the Account Summary.
2. Click **Approve** or **Reject** on the Transaction Manager. A confirmation page will be displayed showing the details of the transaction.
3. Confirm the transactions by clicking **Submit** on the confirmation page.

A receipt page will be displayed showing the transactions status (Approved, Rejected or Created). The updated transaction status will be included in the number of approved or rejected, recalled, or expired transactions on both the Transaction Manager and above the Account Summary.

Recalling Transactions

On single-signature accounts, initiator delegates can recall transactions or actions they have submitted for approval if the signers have not yet approved or rejected the transaction or action. For dual-signature accounts, if an initiator delegate submits an action or transaction, it can be cancelled up until a signer approves it. If a signer submits a transaction on a dual-signature account, it can be cancelled up until the other signer approves or rejects it.

Signers and initiator delegates can recall (or cancel) their pending transactions as follows:

1. Display the Transaction Manager and then click **Recall**. A confirmation page will ask the user to confirm the action.
2. Click **Confirm** on the confirmation page.

Deleting Transactions

On single signature accounts, when a transaction is created by the single signer it does not require any additional approval. When a transaction is created by a delegate it requires approval by the single signer. On dual signature accounts, when a transaction is created by one of the dual signers it requires the approval of the other signer. If a transaction is created by a delegate it requires approval by both signers.

Once approved by all applicable signers:

MemberDirect Small Business User Guide

- A scheduled bill payment will appear on the Account Summary page in the “scheduled bill payments” section. If Same Day Bill Payment Reversal has been enabled an immediate bill payment will also display on the Account Summary page in the “scheduled bill payments” section.
- A scheduled transfer will appear on the Account Summary page in the “scheduled transfers” section.

On the Account Summary page there will be a DELETE link to the right of each scheduled transaction. By clicking on this link, a DELETE transaction will be created. It will require the same approvals as described above.

 All transactions (created, rejected or deleted) are pending until approved by all applicable signers. For deleted transactions, this means that until approved, they remain on the Account Summary page. It is possible to delete the scheduled transaction more than once because it remains on the Account Summary page until all approvals are provided. Applicable approvals will be required for EACH deleted transaction created. Note that if a transaction is deleted more than once only the first approval(s) will actually delete the transaction. Subsequent approvals will display an error.

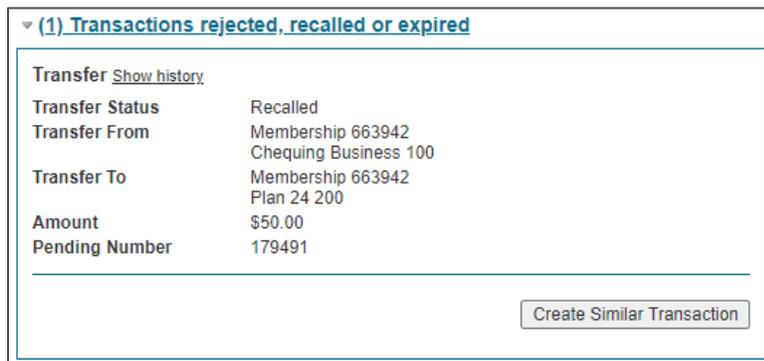

Transactions rejected, recalled or expired will display for 30 days in the Transaction Manager page. After 30 days, the transaction will be moved to the Archived Transaction page where they will be visible for 12 months.

Creating Similar Transactions

Users can create transactions that are similar to transactions that have been rejected, recalled, or expired. This function allows the signers to re-create a transaction quickly by only changing the details that need to be changed, such as the amount. The other details do not change unless the user changes them.

To create a transaction similar to another one, signers will complete the following steps:

1. Navigate to the Transaction Manager and scroll down to display the rejected, recalled, and expired transactions and find the transaction to be re-created.
2. Click **Create Similar Transaction**. The transaction page for the transaction such as “Pay Bills” will be displayed showing the original details of the transactions.
3. Change the details as needed, if required, submit the transaction for approval.

Consolidate Accounts

The Account Consolidation function in MemberDirect Small Business allows signers to log in only once and see all personal and business accounts together rather than logging in and out multiple times.

The Account Consolidation Manager allows signers to perform the following functions:

- Consolidate accounts
- Manage delegate access to consolidated accounts
- Re-link a consolidated account by updating the account's PAC
- Remove consolidated accounts

Note: In discussing this function, consolidation implies the aggregation of logins. Also note that this function is not available to delegates. A signer will be able to consolidate up to three memberships.

Removing Consolidated Accounts

Signers will remove a consolidated membership as follows:

1. Click **Remove** beside the Member Number to be removed on the Account Consolidation. A confirmation page will be displayed.
2. Click **Confirm** on the confirmation page.

A receipt page will be displayed. The Member Number will no longer appear on the Account Consolidation Manager and the accounts will no longer display on the Account Summary screen.

Account Consolidation Manager

[Consolidate Account \(1/3\)](#) | [Manage Delegate Access to Accounts](#)

Consolidating your accounts allows you to view all of them with a single login. You may consolidate up to 3 accounts.

Membership	
Member Number: 663937 RETAIL OLB TEST	Remove

Note: Removing a consolidated membership will not delete or close the accounts. It only removes the link to the login from the single view. The signer will still be able to access the account by logging in with the removed Member Number separately.

Re-linking an Account

Signers may re-link a consolidated account on the Account Consolidation Manager by clicking on **Update PAC**. This action may be required if the signer changed the PAC of the consolidated Member Number, which breaks the link between the Member Number and the login view. The **Update PAC** function recreates the link.

To re-link a PAN, signers will complete the following steps:

1. Click **Update PAC** on the Account Manager.
2. Enter the correct PAC for the consolidated PAN.
3. Click **Submit**. A receipt page is displayed when the new PAC is confirmed.

MemberDirect Small Business User Guide

Note: Updating the PAC on a consolidated login does not change the PAC. Rather, it updates the information about the PAC used to log in directly to a specific PAN.

Managing Delegate Access to Consolidated Accounts

Signers can manage their delegate's access to consolidated accounts by clicking on **Manage Delegate Access to Accounts**. The Delegate Manager will be displayed. When a login is consolidated, the delegates are not automatically given access to it. Thus, to give a delegate access to a consolidated account, the signer must check the appropriate box beside the account to access on the Add Delegate page.

Known Issue with Bill Payments on Consolidated Accounts

When membership logins are consolidated in MemberDirect Small Business, members have the option of paying bill payees linked to their business profile as well as the profile of the consolidated membership (usually personal profile). Occasionally there are issues if a member attempts to pay a personal bill from a business account or vice versa. The error messages generated in these cases are:

Error Message:

"Error occurred on the host. Please contact your credit union." "Account failed vendor validation."

Note: To avoid the error above, the member should pay business bills only from the business accounts and personal bills from personal accounts only.

MemberDirect Small Business INTERAC e-Transfer

Members utilizing MemberDirect Small Business will have the INTERAC e-Transfer functionality available to them. INTERAC e-Transfer functionality for *MemberDirect*® Small Business functions the same as INTERAC e-Transfer for personal members. The following points are specific to INTERAC e- Transfer initiated on Small Business accounts:

- INTERAC e-Transfer recipient lists are not shared among signers. Each signer is responsible for their list and cannot see the list of another signer. Initiator delegates cannot manage their recipient list. They can only access lists belonging to the signer who created the initiator delegate.
- An INTERAC e-Transfer initiated by a delegate is associated with the signer who created the initiator delegate. Therefore, for actions related to an INTERAC e-Transfer (such as cancelling or resending the e-Transfer), the details of the signer who created initiator delegate will appear on the INTERAC e-Transfer history page.
- INTERAC e-Transfer is associated with the signer who initiates the e-Transfer, not the one who approves it. Therefore, for actions related to an INTERAC e-Transfer (such as cancelling or resending the e-Transfer), the details of the signer who initiated the action will appear with the action on the INTERAC e-Transfer history page.

MemberDirect Small Business User Guide

- Delegates who initiate an INTERAC e-Transfer can remind the transfer's recipients to accept the funds sent to them. If two approvals are required for an INTERAC e- Transfer, only the initiating signer can remind recipients to accept a transfer sent to them. Approving signers cannot send reminders to recipients.
- Only delegates who initiated an INTERAC e-Transfer and the signer who created the delegate can cancel an e- Transfer or a resend the notice pending pickup. If two approvals are required for an INTERAC e-Transfer, only the initiating signer can cancel it or a resend the notice pending pickup.

Note: If a signer edits the details of a recipient on their INTERAC e-Transfer recipient list while there is an e-Transfer pending approval for that recipient, an error will occur if another signer attempts to approve the transfer. This situation might occur if the recipient's phone or email address is changed after the e-Transfer is submitted for approval. If this occurs, a new e-transfer must be created and submitted.

Transaction Alerts

Signers can register to receive alerts notifications for pending transactions that require approval and for transactions that are about to expire. Alerts are located under **Messages and Alerts** → **Manage Alerts**.

Note: Delegates do not have access to Alerts.

Invoice Numbers

Invoice numbers are auto-generated when an invoice is sent or saved (completed). The first invoice will be numbered “1” and then incremented from that point. The invoice number is incremented based on the last letter or digit of the invoice number. The invoice number can be entered manually or edited.

Note: If invoices will be numbered using a different starting number than “1”, the invoice number on the first invoice completed must be manually updated as appropriate in order for future invoices to generate sequentially.

Example: A business is new to Small Business Invoicing but has other invoices on a different program. The next invoice should be number 1307. When the business creates their first invoice on Small Business Invoicing, they will need to change the invoice number manually to 1307 before completing the invoice. If not, the invoice number will auto-generate as “1” and each future invoice will need to be manually entered to maintain an existing numbering system.

MemberDirect Small Business User Guide

If the invoice is a draft, the invoice number displays as “Draft” until the invoice has been sent or saved. Once it is completed, the invoice is no longer a draft and the invoice number increments to the next number.

Updating and Deleting Taxes on a Draft Invoice

If a tax is updated or deleted in the Business Tax Settings when taxes are in use on a draft invoice, the draft invoice is impacted when:

- The status of the invoice is “DRAFT”
- The invoice has a line item with taxes applied to it

To update or delete taxes from a draft invoice, complete the following steps:

1. Select **Invoicing > Business Tax Settings** in the left-hand menu.
2. Click the pencil icon under **Actions** to update the tax or select the trashcan icon to delete the tax

Tax Name	Percentage	Actions
GST	5 %	
PST-BC	7 %	

3. Update the Percentage field for the tax to be changed.

Tax Name	Percentage	Actions
GST	6 %	
PST-BC	7 %	

4. Select the checkmark under **Actions** to save the settings. A confirmation window will be displayed advising that draft invoices will be impacted if this tax is updated.

Update Tax confirmation

Draft Invoices will be impacted if you update this tax. Do you wish to continue?

[Yes, update Tax](#) [Cancel](#)

5. Click **Yes, update Tax** to complete the update. The tax is now updated on the draft invoice.
Click **Cancel** to discard the changes.

MemberDirect Small Business User Guide

Note: Changes made to taxes in the Business Tax Settings will also apply to new invoices created after the update.

Adding Taxes Directly to an Invoice

To add taxes directly to a line item on an invoice, complete the following steps:

5. Select **Invoicing** in the left-hand menu to display the dashboard.
6. Click **Create Invoice** or choose a DRAFT invoice from the list.
7. Select the drop-down menu under **Tax** to view the available taxes. By default, “No Tax (0%)” appears in the drop-down menu.
8. Add up to three taxes to the line item. As taxes are added, they appear under the Subtotal.

The screenshot shows the 'Edit Invoice' interface for 'TEST SMALL BUSINESS'. The business address is 800 102 AVE, DAWSON CREEK, BC V1G2B2. The customer is 'Test Customer' with address Dawson Creek, BC V1G2B2, 2507824871, test@customer.ca. The invoice number is blank, and the issue date is 24-Aug-2020. A line item for 'Construction Services' is shown with a price/rate of \$75.00 and a quantity of 10. The tax dropdown menu is open, showing 'Multiple Taxes' selected, with 'GST 5%' and 'PST-BC 7%' checked, and 'No Tax 0%' unchecked. The subtotal is \$750.00, and the total due is \$840.00. The interface includes buttons for 'Preview & Send', 'Save as Draft', and 'Cancel'.

5. Click **OK got it!** to continue. If the deposit should not be matched to the invoice, click **Unmatch**.

When the pop-up closes, the Matches tab will be displayed. If the Recent Invoices tab is selected, the invoice will display with a status of “Paid”. The invoice has been reconciled to the deposit.

Un-Matching an Invoice and a Deposit

To un-match an invoice from a deposit, complete the following steps:

1. Select **Invoicing** in the left-side menu. The Recent Invoices tab displays by default on the dashboard.
2. Click the **Actions** drop-down for the invoice and select **Unmatch**. A confirmation window will display informing that the invoice has been un-matched from all payments.

Deregistering from Small Business Payroll

If the business does not opt to deregister before the end of the 30-day trial, they are automatically switched from a trial customer to a fully registered customer. However, businesses can deregister using the Business Products page at any time.

If the business opts to deregister, the payroll service checks if there are any outstanding payroll payments or rejected AFT transactions that have not been corrected. If no outstanding transactions exist, the business is asked if they are sure they want to deregister. If the business confirms they want to deregister, a pop-up is displayed.

Are you sure you want to cancel your payroll service?

Your payroll service includes:

- The ability to quickly and easily pay your staff
- Automated filing and remittances for your payroll taxes - no more paper forms or cheques!
- Ready access to payroll history and accounting reports
- Instant generation of T4's and ROE's
- If you do cancel the service today, you can register again at any time but will be charged a re-registration fee - so please don't go!

[Yes, please cancel my payroll service](#) [No, please continue my payroll service](#)

Select **Yes, please cancel my payroll service**, to confirm the deregistration.

Removing Employees

Remove employees from payroll service by selecting  under Terminate on the Employees List. If a pay run is in process, a pop-up is displayed warning that the employee will not be processed.

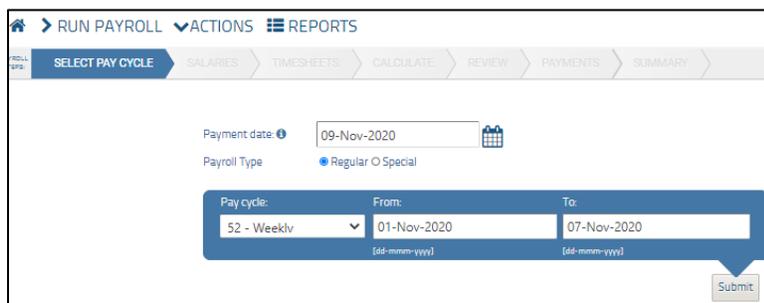

Select the **Reason for Leaving** from the drop-down menu and specify the termination date by selecting the calendar icon and choosing the date. Select **Terminate** to remove the employee from the payroll system.

Running the Payroll

Note: The payroll must be finalized and approved in MemberDirect Small Business Transaction Manager by 9 AM PST on a business day in order for payments to process on the next business day. Example: If the intended payday is Friday, the payroll needs to be approved by 9 AM PST on the Thursday immediately before. If the approval date falls on a Statutory Holiday, it must be approved one business day prior.

After adding employees, proceed as follows from the Payroll Landing page to run the payroll:

1. Select **Run Payroll** at the top left of the horizontal menu bar. The Run Payroll page is displayed.

2. Select **Pay Cycle** tab and enter or select the following information about the payroll run:
 - **Payment Date** – The calendar for the current month is displayed when the cursor is in the field.
 - **Payroll Type** – choose Regular or Special.
 - **Pay Cycle** – use the drop-down menu to select weekly, biweekly, monthly, or another cycle. This value automatically filters the list of employees and shows only those that are eligible to be paid during this pay cycle in the next steps.
 - **Start and End Dates** – Enter or select the start and end dates in the **From** and **To** fields. The calendar for the current month is displayed when the cursor is in these fields.
3. Select **Submit** to advance to the next Payroll Step. The **Salaries** tab is displayed. The list of salaried employees that are to be paid in this pay cycle is displayed.

- Review the payment summary for the payroll. The summary shows the wages, employee deductions, and employer contributions being paid in the payroll.
- If employees are paid via cheque, the system generates a cheque report which can be used to print cheques on pre-printed cheque stock. A different entry field is displayed for entry of the cheque payment date.

1 Funding Source

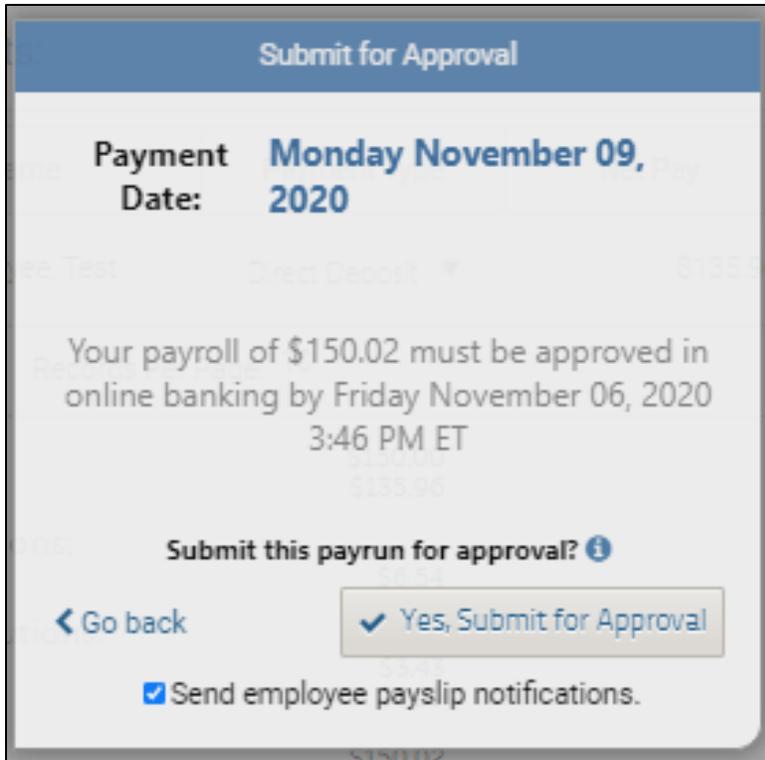

Payment Method: Account No.

Employee Payment Date: Direct deposit: 26-Apr-2018 Amounts will be withdrawn on Friday April 20, 2018.
Cheque: 19-Apr-2018

- If electronic payments are being processed, the system confirms the payment dates and processes them.

Note: Up until this point, users can go back to any point in the payroll process and adjust as needed. After this step, the pay run is committed and cannot be edited.
- Select **Finish this payrun** on the Payments tab if the payment information is correct. The Submit for Approval pop-up is displayed.

MemberDirect Small Business User Guide

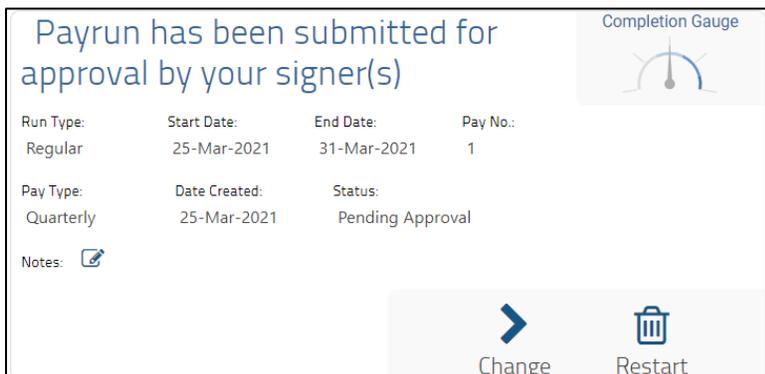

Note: Employees will not be paid on time if the payroll is not approved by the date specified in the pop-up.

17. Select **Yes, Submit for Approval** to finalize the pay run. Also select the **check box** to send pay slips to the employees. The pay run is submitted for approval.

Note: The payroll must be approved in MemberDirect Small Business Transaction Manager before it is completed.

If an authorized signer has initiated the pay run, after clicking Yes, Submit for Approval, the signer will be automatically directed back to the Transaction Manager in MemberDirect Small Business.

If a delegate has initiated the pay run, the message “Pay run has been submitted for approval by your signer(s)” will be displayed, with the status “Pending Approval”.

The payroll can be edited or deleted while it is still Pending Approval and the pending transaction details in MemberDirect Small Business Transaction Manager can be updated accordingly.

The following actions can be initiated from the above screen:

MemberDirect Small Business User Guide

- Delete the payroll by selecting Restart (trash can)
- Edit the payroll by selecting Change (arrow button) in the above screen, then perform the following actions:

Dual Signature Accounts

If the payroll source account is a dual signature account, the pay run is locked down after it has been approved by one signatory and cannot be edited while it is pending approval by a second signatory. Therefore, the pay run must be rejected by a second signer before it could be edited in the payroll service.

MemberDirect Small Business Approval

When signers finalize a pay run in the payroll service, they are redirected to the Transaction Manager to approve the pay run. The approval process for a pending payroll follows the same MemberDirect Small Business Transaction Manager workflow as any other transaction type.

Details of the payroll are displayed on the Transaction Manager. They summarize the payments to employees and payroll taxes and also provide relevant reference numbers and key dates. Note that any cheque payment amounts are not included in the Total Electronic Payments To Be Approved.

Rejected Pay Runs

If a pay run is rejected, its details appear in the list of rejected, recalled, or expired transactions in Transaction Manager. When the user returns to payroll service, the pay run status for the rejected pay run is changed to "In Process". Select **Continue** to edit the rejected pay run and resubmit for approval or select **Restart** to delete the pay run and start over.

Note: It may take a few minutes for the status to be updated from "Pending Approval" to "In Process" after the MemberDirect Small Business rejection.

Reject Payroll - Receipt

 If you rejected this electronic payment because the payroll approval was overdue, we recommend the following:

1. Return to payroll services by clicking [here](#) and then "View Payroll".
2. Change the payment type for each employee in this payroll to Cheque and pay your employees by alternative means e.g. cheque.
3. Resubmit and Approve the payroll.

This will ensure that that your tax payments are still processed according to CRA guidelines (Note: Cheque Employee payments will not be paid electronically).

Rejected Direct Deposit Transactions

A payment to an employee may fail for various reasons, such as if the employee's account details are invalid or the account has been closed. When this happens, the employer is notified by email.

Rejected Payment

Bill,

Your payment for John Smith from Bill's Pop Shoppe in the amount of \$597.89 on 29-May-2018 has been rejected by the receiving bank.

Reason: Reject: Edit: Institutional Identification No., . . .

To resolve this issue, please follow these steps:

- Login into online banking
- Click Payroll > View Payroll
- Click Reports > E-Pay Direct Deposit
- Filter by Rejects
- Find and click the retry icon
- Correct the employee bank details or return funds to the company as required

Transaction ID: CD18148HAT0004

If notice of a rejected payment is received, proceed as follows:

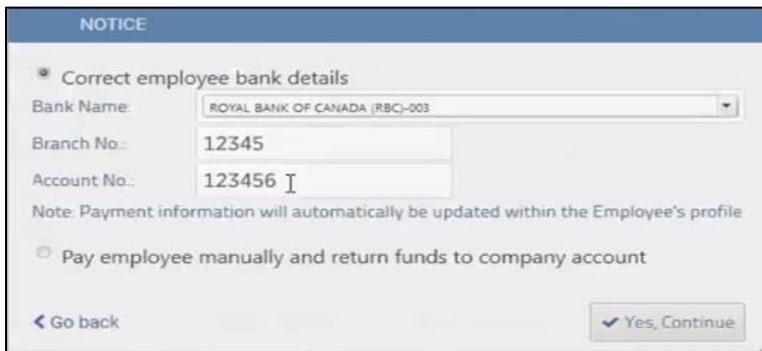

1. Login to MemberDirect Small Business and select Payroll on the left-hand navigation menu. Select **View** Payroll to launch the Payroll Landing page.
2. Select **Reports** and then **E-Pay Direct Deposit**. The E-Pay Deposit Reports page is displayed.

MemberDirect Small Business User Guide

3. Find, select, and correct the rejected transaction on the report. There are two options:

- Select and correct the employee's bank details radio button and update the employee's payment information so that the payment can be re-submitted to the employee; OR
- Return the funds to the company's account and pay the employee manually.

If **Yes, Continue** is selected, a confirmation message is displayed indicating that their instructions have been submitted for processing.

Vendor Payments

Small Business Payroll provides an option for processing direct deposit payments to Vendors (ie. local suppliers), by setting them up using specific Employee Types and using Custom Pay Rules.

Some things to consider when paying Vendors through Small Business Payroll:

- The Payroll system's default action is to produce a T4A for these "employees". If you do not want to produce a T4A, the year-to-date totals will need to be manually zeroed out for a Vendor before running the T4A report.
- The withdrawals from your source account for the Vendor payments will show the same as withdrawals for regular Payroll: as on Online Bill Payment to "Payroll Services – For C1 Use Only".
- If multiple Vendors are paid in the same pay run, only one withdrawal will be posted through your account
- Reports are available within the Small Business Payroll platform to assist in reconciliation

MemberDirect Small Business User Guide

To add Vendors to the payroll service, follow the steps in the Adding Employees section, paying particular attention to the following items:

1. On the **Personal Information** tab, enter the Employee Information as follows:
 - **Name:** Use the First, Middle and Last Name fields to enter the Vendor Name
 - **SIN:** Enter “999 999 998”
 - **Date of Hire:** Enter the date which you wish you to start making payments to the Vendor
 - **Employee Type:** Contractor. This will remove the Date of Birth field and will remove the Vendor payments from tax calculations and deductions (ie. CPP, EI, Income Tax)
 - **Employee Access:** Vendors can be provided access to PayChequer, however it is not required and businesses are cautioned that the messaging within PayChequer is designed for an audience of regular employees.
 - **Contact Details:** Enter contact details if desired
 - **Payment Details:** Enter the direct deposit account information for the Vendor

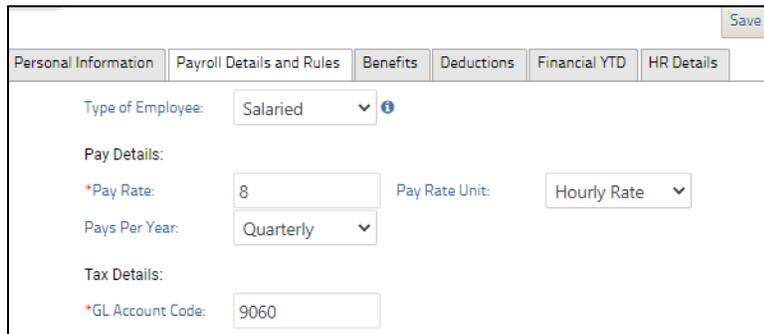

The screenshot shows the 'Personal Information' tab of a vendor setup form. The form is divided into several sections:

- Employee Information:** Fields for First Name (Local), Middle Name, Last Name (Supplier), SIN (999 999 998), Date of Hire (25/03/2021), Employee Type (Contractor), and Position. A 'Notes' field contains 'Office Supplies'.
- Employee Access:** Security Type (Employee), Password, Confirm Password, and a checkbox for 'Email Login Details'. A 'payChequer' logo and a link to 'Employee e-paystubs paychequer.com' are visible.
- Contact Details:** Email (mblouin@lvcu.ca), Address Line 1 (800 102 Ave), Address Line 2, City (Dawson Creek), Province (British Columbia), Postal Code (V1G2B2), Country (Canada), and Phone Number (250 782 4871).
- Payment Details:** Type of Payment (Direct Deposit), Financial Institution (LAKE VIEW CREDIT UNION), Branch No. (10110 MAIN BRANCH/HEAD OFFICE (800)), and Account No. (redacted).

2. Select the **Payment Details and Rules** tab. In the **Pays Per Year** field, select any pay cycle (we recommend choosing a cycle different from regular employees to differentiate the groups when running payroll). Regardless of the pay frequency selected, Vendors can be paid at any time.

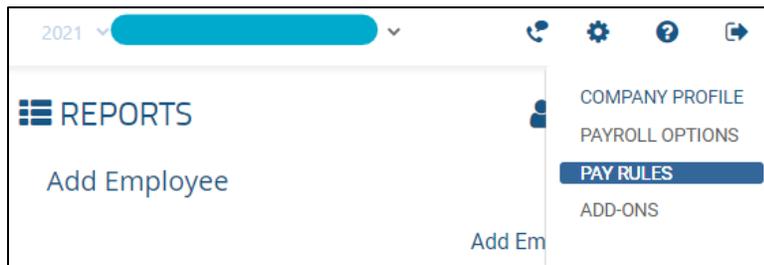

MemberDirect Small Business User Guide

The **GL Account Code** can be entered to correspond with the business's bookkeeping system for tracking vendor payments (not required).

The remaining tabs do not require any information to be updated.

3. Select **Save** at the top right corner of the page. A notice will be displayed confirming the new employee has been created.
4. Select the **Settings**  icon in the upper right corner of the page and choose **Pay Rules**.

5. Select the **Earnings** tab and then select **Add New Rule**.

6. In the Add New Rule window that is displayed, enter an appropriate **Name** and **Description** and a **GL** number is desired. Ensure the **Enabled** checkbox is selected and that the remaining boxes are empty/unchecked.

In the payroll service, delegates only see those services that correspond to the role they have been assigned. For example, a View Only delegate does not see the Run Payroll option on the Payroll Landing page. If the delegate selects the Payroll menu option, the message below is displayed.

Payroll Reports

Small Business Payroll produces a suite of reports that are accessed by selecting **Reports** on the Payroll Landing page. The Reports Menu is displayed.

PayChequer™

PayChequer is a PaymentEvolution app that enables employees to view their pay stub and pay history online. A video tutorial for PayChequer is available here: <https://youtu.be/abm9oNbqqKl>

Employees are given access to PayChequer when they are set up on Small Business Payroll. See section “Adding Employees”.

Detailed instructions on accessing PayChequer, adding employees and maintaining employee profiles can be found in the  Help section on PaymentEvolution Payroll site. Type “PayChequer” in the search bar on the Help menu to pull up related instructions.

Employees can download the PayChequer app in the GooglePlay Store or Apple Store, or they can access the PayChequer website here: <https://secure.paychequer.com/>
